

“One source of infection is the army hospital at Belgrade, where the wounded of the troops. The patients in the hospital receive daily a loaf, which they eat at the hospital. The bread is stale, and after the unused loaves are bought by peddlers and are so sold, spreading the disease. The bread is not disinfected, and as far as sanitation is concerned, a Serbian soldier is given a rifle, uniform, and otherwise looks after himself, his rations are coarse bread. The waiting are done by Austrians, who are rapidly thinking from typhus and other diseases. The Austrians are in Belgrade at Belgrade under Dr. Edward W. Ryan, of the American contingent. W. Ryan, who is a physician, is in Belgrade. Ryan kept the hospital neutral during the Austrian occupation and accompanied the Austrians to the front. He is a time. He is worshipped by the people.

DR. RYAN says the greatest labor in keeping the hospital free from vermin Typhus affects men the most severely. Women come next, and children for the most part recover. The symptoms in the present epidemic begin like those of grip. The disease lasts fifteen days with fever and delirium."

Monday We Received 300 New Suits

*That, With What We Had, Set Our Ready-to-Wear Section
At the Very Height of Preparedness for the Easter Busy-ness*

Now, then, for the Easter suit!

At the time (the psychological moment, we might call it) when the greatest demands of the season will be made upon us to supply the women of Atlanta with suits of smart, correct styles, we can announce with all sincerity that we have brought the displays to their highest point.

It is all a part of the service that we strive to render—to secure styles that women want when they want them; let the effort be what it will. And this season it has required exceptional effort, it has not been easy to get the styles most desired.

But we have succeeded, and here are the suits that prove it.

The Belted Coats, the Severely Tailored Coats, the Wide Flaring Skirts and Pleated Skirts. Plenty of the Favored Navy Blues and English Checks

These are the general points—they differ, they are attractive in hundreds of individual ways, one woman will like the way the belt is tucked up under the arms, another will like the way the belt marks severely the waist line.

The greatness of the stocks is calculated to allow a woman that individuality of choice that she most likes, but does not always find.

Prices Go Gradually From \$19.50 to \$50. If Any Special Values Were to Be Mentioned They Would Be Suits at \$25 to \$35, For Misses, and for Women up to Size 46

New Coats

We have gathered unusually bountifully, perhaps because of the unusually attractive styles this year.

Sports coats—partitively named since they have come into such general usage—hold the forefront. These are in coverts in larger-than-regulation checks called Pagiacei checks. Some are belted very properly, some are Empire in style, most all have pockets.

They are lined or unlined, and the materials are light in weight, just heavy enough for the cool mornings and evenings of our early spring days. Practical, serviceable affairs.

Other coats are of the always good taffeta and faille silks in black and navy.

New Dresses

Afternoon and evening dresses have a freshness of line and fashioning this season that is most delightful, and they are developed in beautiful fabrics.

The afternoon dresses oftenest of pussy willow taffeta and crepe de chine show in one way or another little coat effects, and yoke skirts very wide.

Evening dresses often have little cup or bell sleeves, misty masses of chiffon for bodices, and skirts queerly like great tulips—and as colorful, too!

And the really smart styles for street wear. Full skirted, many in the jumper effect; they are developed in silks of new colorings—sands and blues being among the favored.

New Millinery

Many little hats fashioned after Paris ideas are ready today.

Wonderfully smart models are priced \$10.00, \$12.50 and \$15.00.

A World of New Blouses

Surely the Attractive Diversity of Styles AND THE PRICES Will Make it Easy to Select Yours for Easter

We just got in a most beautiful quantity of new and different blouses—literally hundreds of them that must inspire a woman at once with the thought that here she will find just what she wants.

The display is about as broad as are the styles for spring; and the prices—you shall see that they are, in several instances, low beyond reason.

All the favored fabrics are represented—

Georgette Crepes, Crepe de Chines and Pussy Willow Taffetas Lead

And the color card shows the new grays, blues, the sand shades, flesh, maize and white. High-low collars are the favored; loops and pearl buttons; long sleeves.

**Among the Most Notable Values Are Blouses
At \$2.25, \$3.45, \$3.75, \$5.75**

At \$2.25 A pussy willow (washable) blouse—with high-low collar, pearl buttons and loops, long sleeves—that is a bit more than the price would indicate. This in navy, sand, flesh and white.

At \$3.45 A Georgette crepe waist that buttons high around the neck or turns back loosely, as you please; pearl buttons and loops. This in flesh and white. Another of pussy willow or crepe de chine has a tucked front—most attractive—in maize, flesh, peach and white. A lace and crepe de chine blouse at this price is smart—flesh and gold combined.

At \$3.75 A small few of self-striped crepes de chine, in oyster white and flesh—with clear pearl buttons and loops down the front, the high and low collar and long sleeves. It is to be compared with waists selling at a considerably higher price.

At \$5.75 Pussy willow and crepe de chine blouses of distinctive styles, plain shades and white with colored stripes. They are pleated so as to add to the effect of the stripes—and surely women must like the unusually large pearl buttons that are used.

And still we have told of but a mere handful of the styles—there are others and others—the finer lace and net blouses, copies of Paris models, priced at \$10.00, \$12.50 to \$16.95.

Don't be misled. Buy Calumet.

CITY EXPENDITURES ARE CUT BY \$11,250

Two Resolutions Are Held Up by Councilmen at the Mayor's Request.

Declaring that the finance committee had placed him on the anxious seat by contracting debts which they propose to carry for from anticipated revenue, Mayor Woodworth yesterday informed that body to strike out two measures which will mean a total saving of \$11,250.

"This is going to be the worst year in the financial history of Atlanta," declared the mayor. "You go right ahead in the face of this and contract more debts. I made a visit to the tax office today and they tell me our revenue will probably not exceed that of 1914."

"You have \$120,000 anticipated receipts, which it appears we are not going to get. We have depended on the marshal's office for a big portion of it, and it doesn't look encouraging from that source."

At the suggestion of the mayor, Councilman Edwin F. Johnson, chairman of the police committee, agreed to hold up until the first of June the resolution which is compiled, his resolution providing for putting twenty superintendents in the police department on regular duty at \$20 per month. This will mean a saving of \$4,000.

Councilman Johnson also agreed to withdraw his resolution calling for \$1,750 for car fares for the sixteen city detectives. He announced that he would draw up another resolution providing for only \$500 for this purpose.

FEWER ARRESTS IN 1915.

Judge Johnson's Policy Put End to Trivial Cases.

The number of arrests made by the police this year as compared with the same time last year shows a falling off of over three hundred.

Up to March 22, 1914, the total number of arrests was 2,207. This year the number of arrests up to Monday was 2,300.

One reason assigned for the falling off in the cases dropped by the police is the policy of Recorder Johnson to dismiss cases that he believes to be too trivial to deserve a fine. The police, it is said, have ascertained that unless there is some merit in a case there is to be no punishment, and this has caused them to be more careful about making arrests on reports made by irresponsible persons.

NEXT BIBLE CONFERENCE WILL BE A BIG AFFAIR

Plans are being formulated which will make the Bible conference at Atlanta during the spring of 1915 the greatest one held so far. The executive committee, composed of Drs. C. H. Felt, J. A. Callahan, J. A. Eberhart and J. J. Egan, have addressed a letter to the friends of the Atlanta Bible conference, requesting them to keep the matter in mind.

This year, owing to the protracted illness of Dr. C. H. Felt, the founder and president of this conference, and on account of the contributions for good offered by the Chapman-Alexander revival in the S. N. W. Georgia conference, the executive committee considered it wise to devote the entire year to the conference to the efforts of the revival.

NO EVIDENCE FOUND IN JAMES MURDER CASE

Records, Ga. March 22.—(Special.)—The first term of the superior court of Barrow county convened at Winter day, with Judge C. H. Brand, of Athens, presiding, and Hon. John B. Gamble, solicitor general. Court was opened by Chancellor David G. Barrow, of the University of Georgia, for whom this case was named. He gave a brief talk and followed this with a passage for the government and prayer. The grand jury was organized with Hon. H. H. Hays, Jr., as foreman. There is not a very heavy docket.

business is everywhere turning its hand against them.

As for The Constitution, it can get along without such business!

Like the representative Atlanta business men quoted, its lot is also cast with that of the community.

That is our conception of a mutual agree deal and of business ethical

business is everywhere turning its hand against them.

JUST FROM GEORGIA

Frank L. Stanton

The Warner Prospect.

The weather blights the blossoms—March violets are not.

Blue blazes blurs the blue that blest the sky.

But cheer up, earthy traveler, and be contented with your lot.

There's a hotter day a-comin' by and by!

The summer sun'll rise.

And bluster blazes and blazes.

There's a hotter day a-comin' by and by!

Why weary of the weather when the world is in the red.

And the Snow Man's icy legions hover nigh!

Take a glance towards the future—for the "half has not been told."

There's a hotter day a-comin' by and by!

And it's then you'll blaze and burn—

There's a hotter day a-comin' by and by!

A little sermon.

It was a cold storm with snow on the ground; the stove in the meeting house was red hot, yet everybody in the house was shivering.

The preacher rose to announce his text, but before he had said a word the stove exploded, with a loud noise, scattering the live coals all over the floor.

"I shall not proceed with the sermon," he intended a discourse on the very fire you see before you. It is a sample of what's coming to the sinners here in this cold winter.

Take heed, ye sinners, and be in peace—just all the peace the lesson gives you. Amen.

The methods that have brought wealth and development to these cities and sections will be the same thing for Atlanta and the sections surrounding.

The result follows inevitably, with the difference that, given the superior advantages of Atlanta and the territory of which it is the commercial center, we are bound to get results proportionately in excess of those manifested in these other localities.

The committees assigned to solicit subscriptions for preferred stock to the South-eastern fair ought to find their work three-fourths done for them. The proposition is simply a business one. Investing money in this enterprise is like investing money in the promotion of your own business and that of every man in the community. It is not, of course, expected that Atlanta will next fall reap all the benefits that other cities have reaped by years of cumulative effort. But the fair next fall will be a long stride in that direction, and the quicker the keen-witted business men of Atlanta begin to cash in on this opportunity the better for them, the city, the section.

These annual fairs are proved builders of retail and wholesale trade and of the interests of the country contiguous. The evidence from five widely-separated sections demonstrates the facts by arithmetical proof.

"BE IT ENACTED."

In one of his recent North Carolina addresses former President Taft told his hearers that within the past five years Congress had passed more than 6,000 laws. He said the tendency was to yield to the magic of "Be it enacted." That fact he believed responsible for the glut of legislation from which he said the country was in sad need of a good rest.

He was a great many of the things Mr. Taft has said. He is a big, hearty, hearty man, and he is a big, hearty, hearty man.

The "be it enacted" bug has not been confined to Congress. It has been and still is the great American epidemic, afflicting hamlets, towns, cities, states and the federal government itself. It looks so simple to say: "Go to, let us correct this wrong, reaching and ancient economic error or condition by passing a law, decreeing a prohibition or creating a commission." The politicians and especially those of the democratic school, have preached and practiced the doctrine freely. They have taught the people that almost any ill afflicting the country could be cured by a law. Several thousand of them have reached office simply by saying, in effect: "Elect me and I'll see that you get the moon."

It is true that the period of such reckless, misleading and costly bunco games appear to have passed high tide. People are becoming educated. They are finding out that while laws will accomplish much they will not accomplish everything. They are also finding out that a great many office seekers could not get the laws passed even after the voters took them at their word and elected them. In other words, they are finding out for an era of sanity, or at least of some nearer sanity than we have enjoyed in a good many years.

The average voter is gradually discovering that progress in government is about as slow and painful as progress in business, and governed by just about the same rules.

That is why we are going to have quantity instead of quality in legislation in the future. The change will not come in one day, but the drift is all in that direction.

Book agents are canvassing the "Lives" of Villa and Carranza. No doubt there are rival patriots in Mexico who are anxious to take them.

Municipal marriage fees in New York have been reduced to 25 cents. This gives the quick marriage class a chance to start an irvin Cobb for the divorce lawyers.

Another evidence of the appreciation of a man with a red imagination.

Only a few theaters are running in Paris, and a flight of Zeppelins is made the occasion of a Parisian holiday.

When a Mexican general sees a movie man following him around he feels that it's up to him to stage a battle.

PECULIAR FEATURE IN SUTKER WILL FILED IN SAVANNAH

Savannah, Ga., March 22.—(Special.) The will of Max Sutker, who died suddenly Wednesday night of last week, was filed in common form in the office of the ordinary today at noon by M. A. Bernstein, the attorney for the estate. A feature of the will is the provision that if any of the children, who are now unmarried, should wed any person not of good moral character, in the opinion of a committee named in the will to pass upon their qualifications in this respect, the child so marrying shall be cut off with \$5 and not share further in the estate. It was also expressed that the children marry only those of the Hebrew faith. The property thus disposed of is believed to be worth between \$100,000 and \$125,000. It represents the savings and the earnings of the last twenty-five years on the part of Mr. Sutker, who was engaged in business in Savannah for about that length of time.

RECIPE TO STOP DANDRUFF

This Home Made Mixture Stops Dandruff and Falling Hair and Aids Its Growth.

To a half pint of water add:
Bay Rum Compound..... small box
Sassafras Compound..... small box
Glycerine..... 1 oz.
These are all simple ingredients that you can buy from any druggist at very little cost, and mix them yourself. Apply to the scalp once a day for two weeks, then once every other week until all the mixture is used. A half pint should be enough to rid the head of dandruff and kill the itching and itching germs. It stops the hair from falling out, relieves itching and scalp disease. Although it is not a dye, it sets upon the hair roots and will darken streaked, faded, gray hair in ten or fifteen days. It promotes the growth of the hair and makes hair soft and glossy.

\$100,000 SAVING ON STREET WORK

Members of Council Committees Believe City Will Gain That Much by Using Lutz Heaters.

By leasing yesterday afternoon two Lutz heaters for reasurfacing the streets, the finance and street committees of council anticipate a saving of about \$100,000 on street repairs during the ensuing year. The contract between the city and manufacturer will be drawn up by City Attorney Mayson within the next few days, and the machines will be ordered by wire. Chairman A. W. Faringer declared at the joint meeting of the committees that the city could ill-afford to pass up the proposition of getting needed repairs on the asphalt and Belgian block streets when it can be done at such a reduced cost.

Sam Hart, superintendent of construction, reported that on Washington street, Whitehall, Peters, Auburn and Peachtree there is 115,000 square yards of work that should be done. Other sections of the city there is sufficient work to be done to make the city recover an area of at least 200,000.

It is estimated that the average cost of reasurfacing the streets will be 50 cents per yard against \$1.25 for new paving. This would mean a saving of more than \$100,000 on the work. The reasurfacing machine will be leased for a period of two years for \$1,800 each and a royalty of \$100 per yard. The cost of reasurfacing the streets and Belgian blocks is estimated at from 30 to 40 cents per yard, and the manufacturer claims the machine will reasurface Belgian blocks as well as old asphalt streets. The heater melts the old surface and this composition is put on the same manner that fresh asphalt is laid.

Chairman Harner, of the street committee, is of the opinion that the first work to be done by the heaters should be on Auburn avenue, where work is being done at present.

INSTITUTE IS HELD BY GWINNETT TEACHERS

Lawrenceville, Ga., March 22.—(Special.)—The Gwinnett county school teachers' institute was held here Friday and Saturday of last week, many teachers and pupils being present. Miss Parrish, state superintendent, conducted the institute, assisted by Professor C. R. Ware, county superintendent of schools.

Friday morning Professor Conner, of Fulton county, addressed the members of the institute on the subject of the "New Curriculum." He was followed by Mr. A. H. Archbold, of this county, who spoke on the "New Curriculum." The institute was closed by a social given at the Lawrenceville high school.

U. S. NAVAL OFFICER FIFTY MEN ARE KILLED DROWNS IN BOSPHORUS BY GREAT SNOW SLIDE

Three Sailors Lose Their Lives
With Lieutenant Commander
Bricker, of the Scorpion.

Constantinople, March 22.—(Via Berlin and London.)—Lieutenant Commander William F. Bricker, of the United States converted yacht Scorpion, and three sailors named Ford, Dowell and Lowrence were drowned on the night of March 20 while attempting to reach their vessel with a rowboat. The Scorpion was anchored in the Bosphorus, off Constantinople, near the Dolmabahce palace, when a great snow slide swamped in a heavy sea thrown up by a south gale. Lieutenant Herbert S. Bricker and one sailor, also in the boat, were saved.

Lieutenant Commander Bricker arrived at Constantinople March 16 to succeed Lieutenant Commander Macaulay, Jr., in command of the Scorpion. The Scorpion was purchased for the navy in 1898. It has a displacement of 830 tons and has been stationed at Constantinople since 1904.

Lieutenant Commander Bricker, who formerly was naval attaché at the United States consulate in Constantinople, was appointed to the naval academy at Annapolis, Md., in 1904. He was promoted to lieutenant in 1908 and to lieutenant commander in 1912.

Witnesses Tell How Politicians
Bled Terre Haute Resorts
to Carry Election.

Indianapolis, Ind., March 22.—John P. Nugent, assistant chief of police under Mayor Don M. Roberts, detailed today at the trial of the Terre Haute election case how he had collected a "bribe" totaling almost \$50,000, the salaries of saloonkeepers and gambling room proprietors for registration and election purposes last fall. He read a list of saloon and gambling house owners and amounts of money which he said Mr. Roberts had told him to collect.

Judge Eli H. Redman, who, with Roberts, is among the twenty-eight defendants on trial, also did some collecting for his own campaign for judge from the same class of people. According to Nugent, and Roberts became angry. When Roberts, saloon and gambling house proprietors were assembled for the election, said Nugent, but he collected only \$100. The Shucus told him that Judge Redman had collected the other \$49,900. That night, the witness said, Judge Redman turned over to him \$49,900 in cash and a check for the balance.

Some of the men did not pay the amount they were assessed, the assistant chief of police stated. George Wood, who is among those who paid, was assessed \$500, but paid only \$250. "Don" mentioned Mayor Roberts told me that Judge Wood was given twenty-five dollars, or one for every dollar he contributed, said the witness.

Frank C. Bailey, United States district attorney, contents that of the over to Roberts, who was paid into the regular democratic campaign. Nugent also told of going to Terre Haute, on the order of Mayor Roberts, and telling them just how many votes they were registered from each saloon on election day.

Frank Kiser, another who has pleaded guilty, testified that Roberts gave him \$100 the night before the election for him to use in the "blagad" precinct. The inspector there is all right and you do business with him. Kiser testified Roberts told him.

NEGRO IS CHARGED WITH PUTTING BABY ON RED-HOT STOVE

Fred Greer, whom the police department last night arrested, was charged with putting a baby on a red-hot stove.
